Comments Report

7. COURSE EVALUATION (PART V)

7.3) Please comment on what you feel are the positive and negative aspects of your instructor and his/her teaching outlook:

Teacher is knowledgeable in the subject matter.

(waps)

very good at explaining everything clearly

| positive | negative |
|---|---|
| <ul style="list-style-type: none"> - brings levity - great board work - easy to talk to - available after class | <ul style="list-style-type: none"> - sometimes gets confused |

Her bird like personality. She has a lot of energy.

She taught the material in a way that it was easy to learn concepts.

Discrediting the student for learning a topic a different way than what you teach is not a good attribute. All students learn differently. There's more than 1 way to solve a problem.

I like that my instructor used a lot of her knowledge about theories and brief history to help us understand the material

Pos: clearly explains material, practice exams prepare students for tests, homework is enough to learn, but not overbearing

Neg: Sometimes is confused in middle of problem which confuses students

needed better office hours, I had class' back to back

I appreciate my instructor's energy and enthusiasm for the subject material, she has a real passion for math and explaining concepts. Something that will come in time is method. Sometimes daily material does not feel well rehearsed for delivery. While mostly prepared, method needs refinement. Time in class room will improve this.

Positive: Alicia is nice & helpful
negative: she's too nice!!!

7.4) Comment on what you feel are the positive and negative aspects of this course:

Teacher will provide help when asked.

Good at class

I liked everything

N/A

the material was difficult for me but my instructor was available outside of class very frequently to offer help

Pos: same as before

neg: material was not very interesting.

knew the material well, good instructor

This course felt like it prepared me for the aspects of math that I needed. Time in classroom where we deliberately go over homework would be helpful if time allowed
