Candace was hands down the best TA I've had for a course. She always did an amazing job of answering any questions, dumb or not. She had the best attitude every day! I had her and was just overall amazing! Definitely helped me learn this course better.

She is very nice and super helpful. Awesome at answering questions and genuinely cares about helping us understand.

Candace was great! She posted helpful resources and made sure we understood before moving on.

Very nice class and professor
Comment on what you feel are the positive and negative aspects of this course:

Candace was amazing. Very intelligent and explained things well.

I mean this in complete honesty, Candace is the best instructor I have ever had. She is very knowledgable, and uses many great techniques to teach. She is amazing!

Make the course easier, the amount of time I put into studying and my grades are horrifying.

Good job!

HAD A WILDLAND BUT AMAZING TA! LOVE HOW SHE MAKES REUTATION FUN BY MAKING MATCHING GAMES.
All

Course is very hard, and I struggled a lot. Although the duo of Candance and Ann was very helpful. I liked having the problem zero's.

This course is difficult but Candace and Ann provide many resources and make it easier and interesting. I would 10/10 recommend.

The lectures and teachers are wonderful, but I try my best and still receive awful test scores on exams I study three weeks in advance for.

The complete package.
