Punear to the man. period. He's an aucrome teacher who really cares about teaching his students + helping them get good grades.

He obviously knew what he was talking about, I think he just has a hard time explaine it to others.

Good teacher gets point across no negatives about him

He is a very good teacher and knows exactly what hes downg

positives - clearly knows the material well regatives - Sometings doesn't answer questions in a way where everyone ca undertons sometimes instructor fails to explain well.

He's a smart gaggy, knows his & stuff. Weeds to display more confidence when doing problems. If he isn't contident, how am I going to be?

postive explains subjects well & makes sure me understand overything neg. too much homework

I'm bad at math so the classroom is hard, but extra lelp with Duncan Lelped on lot.
