Hays did a great job with meeting with students when they needed help. He really knew the material.

He's great
Get more Hays as instructors

His name was Hays,
He was pretty okay,
but he didn't give me no A's!

Not always clear, sometimes answers questions with questions
Hays is very concerned that we actually learn the material presented, a great quality.

7.4) Comment on what you feel are the positive and negative aspects of this course:
Material flows easily into each other

Mr. Whitlatch's great course

Fantastic teacher, elaborated material with ease and great understanding
N/X

Maple Lab is pointless and a waste of our time and the instructors' time.
