Secondary Education (grades 9-12) Mathematics certification available through the M.T. and M.A.T. programs.

- **M.T. program** for USC mathematics majors who have completed the 12-semester-hour education core. Completed in one-year (Summer, Fall, and Spring Semesters). Information available at <http://www.ite.sc.edu/ite/MT.htm> including Noyce Scholarships
- **M.A.T. program** for those with a bachelor's degree in mathematics or equivalent. Completed in two years. More information at <http://www.ite.sc.edu/ite/secmat.html> including S-STEM Scholarships

Middle Level Education (grades 5-8) certification in mathematics can be "added-on" after completing the M.T. or M.A.T. programs. Alternatively, middle level certification is available at the undergraduate level through a B.S. degree majoring in Middle Level Education. Information at <http://www.ite.sc.edu/EDMLCurrInfo.htm>

Elementary (grades 2-6) certification available to mathematics majors through the M.A.T. program in Elementary. Information available at <http://www.ite.sc.edu/ite/elementary/mat.html> Early Childhood (grades preK-3) or Elementary certification can also be achieved through undergraduate majors in each area.
