Math, Applied Math, and Nobel  
Prize in.... Economic Sciences

by Dr. Alexander Matros  
Associate Professor

USC Department of Economics

Alexander Matros

Dr. Matros will talk about Canadian mathematician Albert Tucker and his most famous students. Two of his Ph.D students, John Nash and Lloyd Shapley, won Nobel Prizes in Economic Sciences.

Dr. Matros earned his MS in Mathematics from Moscow State University (Russia) in 1992 and his PhD in Mathematics from Moscow State University (Russia) in 1998. He also earned an MA in Economics from New Economic School, Moscow (Russia) in 1997 and a PhD in Economics from Stockholm School of Economics (Sweden) in 2001. Dr. Matros joined the Department of Economics in the Darla Moore School of Business at USC in 2010.
