

Pi Mu Epsilon

& GAMECOCK MATH CLUB

REUs (Research Experiences for Undergraduates)

Tuesday 17th November 2020

7:00pm via Zoom

REUs

Information about Research Experiences for Undergraduates will be distributed.

USC Undergraduates who attended REUs virtually in Summer 2020 will be available to answer questions.

Undergraduates Hunter Damron, Felicia McGill, and Ian Bongalonta will speak about their experiences. Hunter Damron participated remotely in the Carnegie Mellon Robotics Institute Summer Scholars (RISS) program. Felicia McGill virtually did research with the Princeton Baby Lab, which is located at Princeton University in Princeton, NJ. Ian Bongalonta did a virtual REU at Northeastern University which used computational chemistry to find molecular probes against the novel coronavirus.

For details about PME/GMC, visit <http://people.math.sc.edu/pme/> and look for us on FaceBook!
