What is an Actuary?

by

Aaron Monastra, Aflac

Cierra Sullivan, Aflac

Ever wonder what it's really like to work as an actuary? We'll give you an inside look at actuarial pricing at Aflac, including the types of problems we solve and the skills we use every day. We'll also share lessons learned about interviewing, internships, and transitioning from college into an actuarial career. Come ready to learn what you can do now to stand out and be better prepared for the opportunities ahead.

Bio: Aaron Monastra and Cierra Sullivan have a combined 35 years of experience with the actuarial role.
