Syllabus For Math 142, Section H02
Fall 2015

Instructor: Ronda Sanders
TA: Ryan Kingery
E-mail: sanders@math.sc.edu kingeryr@email.sc.edu
Office: 300G LeConte
Phone: 777-7449
Office Hours: MWF 1-2PM and TTh 10-11AM

Meeting Place and Time: LC 121 TTh 11:40AM-12:55PM
Recitation LC 303A M 12:00PM-12:50PM
Lab LC 303A W 12:00PM-12:50PM

Course Webpage: http://people.math.sc.edu/sanders/142/
Prerequisites: Qualification through placement or a grade of C or better in Math 141.

Sections: §5.5, §7.1-7.4, §7.8, §6.1-6.3, §11.1-11.10 WebAssign will NOT be used for this course.

Learning Outcomes: Upon successful completion of this course, students should be able to:

- Recall basic mathematical terms related to integration, area between curves, volumes of revolution, sequences, and series.
- Apply the methods of calculus to solve integrals involving integration by substitution, integration by parts, trigonometric functions, trigonometric substitutions, partial fraction decomposition, and improper integrals.
- Master applications of integration including area, volume by disks or washers, and volume by cylindrical shells.
- Determine the convergence of series using p-series, alternating series test, ratio and root tests, telescoping series, integral test, nth term test, and the geometric series test.
- Recognize and determine the radius of convergence and interval of convergence for a power series.

Tests: There will be three tests and a cumulative final exam. The tentative dates for these are as follows:
Test 1: Tuesday, September 22 on §5.5, §7.1-7.4, §7.8
Test 2: Tuesday, October 20 on §6.1-6.3, §11.1-11.2
Test 3: Tuesday, November 24 §11.3-11.10
Final: Saturday, December 12 Note: The final exam schedule is set by the university.
12:30PM LC 121

Make-up exams will generally NOT be given. I may make exceptions for documented illness/family emergency. Those with acceptable excuses must contact me within 24 hours of the scheduled exam time to schedule a make-up. Note: November 24 is the Tuesday before Thanksgiving. Conflicting schedules will not be considered with regard to this test.

Homework, Worksheets, and Quizzes: Homework will be assigned daily and students are encouraged to complete (or at the very least attempt) every assignment. Homework solutions are posted on Blackboard under the Homework Solutions tab. Worksheets will be given weekly, collected and graded. Late worksheets will generally NOT be accepted. Quizzes will be given weekly and will be based on the homework and worksheets. No make-up quizzes will be given.
Note: Worksheets will be posted on Blackboard and the course webpage. It will be the student’s responsibility to print and complete the worksheet by the due date. If you do not attend class that day, you may scan and email your worksheet to me before solutions have been posted. The lowest quiz or worksheet grade will be dropped regardless of excuse. If you miss more than one with a documented excuse, please come talk to me.
Typical Weekly Schedule: A typical week will look like this:
- **Thursday** Worksheet distributed via Blackboard/Course Webpage.
- **Monday** Recitation
- **Tuesday** Worksheet due at the beginning of class. Solutions posted on Blackboard at 5pm.
- **Wednesday** Maple Lab
- **Thursday** Quiz

Calculators: Calculators may NOT be used on tests or quizzes unless otherwise noted.

Computer Lab: The accompanying computer lab on Wednesdays will complement the material provided in the lectures. Students will be instructed in the use of Maple, a computer algebra system.

Attendance and Participation: Regular attendance and participation is expected. In accordance with University policy, a letter grade may be deducted for each 10% of classes missed.

Withdrawal: Any student wishing to withdraw from class should do so by Monday, October 12. Students dropping after this date will receive a WF for the course.

Grading:

<table>
<thead>
<tr>
<th>Component</th>
<th>Points</th>
</tr>
</thead>
<tbody>
<tr>
<td>Maple Lab</td>
<td>100 pts</td>
</tr>
<tr>
<td>Quizzes/Worksheets</td>
<td>100 pts</td>
</tr>
<tr>
<td>3 Tests</td>
<td>100 pts each</td>
</tr>
<tr>
<td>Final</td>
<td>150 pts</td>
</tr>
<tr>
<td><strong>Total</strong></td>
<td>650 pts</td>
</tr>
</tbody>
</table>

Letter grades will be given according to the following scale:

- **A** : 90-100
- **B+** : 85-89
- **B** : 80-84
- **C+** : 75-79
- **C** : 70-74
- **D+** : 65-69
- **D** : 60-64
- **F** : below 60

Additional Help: For (free!) additional assistance, visit the math lab on campus. Tutors will be there to answer most questions. The lab is located in LC 105 and the schedule should be posted on the door. I also encourage you to come by my office. Do not wait until you are completely lost to seek assistance!

Academic Honesty: Cheating in class on quizzes and tests is a serious offense. Any student caught cheating will receive an F for the course and may be suspended for one semester. For more information concerning academic dishonesty, students can find the University Honor Code at https://www.sc.edu/academicintegrity/

Cell Phones: In accordance with CAS policy, I will ask that all cell phones be turned off (or at least be put on vibrate) during class. Also, please refrain from texting during class. **Your cell phone should not be out at any point during a test or quiz.**

Laptops: The use of any laptop during class is prohibited. (If you feel you can justify using your laptop during class, come talk to me.)

Smart Watches: Smart watches should not be worn on test or quiz days.
