Comments Report

7. COURSE EVALUATION (PART V)

7.3) Please comment on what you feel are the positive and negative aspects of your instructor and his/her teaching outlook:

Clearly explained what will be discussed each day and stuck to the schedule on the syllabus

I like how she doesn't assume we already know something from prior knowledge or previous classes. She actually teaches through each lesson.

She knows how to teach the material in a clear/understandable manner.

-she was very relatable and gave us a lot of resources for help and practice. she is always stopping to make sure we understand and to ask how everything in the course is going.
-I took this course in the past and failed due to my instructor so this instructor is a ray of sunshine I wish I had her first.

I have failed this course before. Now, having this teacher, I have an A. She has greatly improved my knowledge of this course

negative was how long we were in class
but I understand because it is only a
3 week class

To be honest her teaching skills are really good even though
is a 3 week course she explained better the material
than other professors I've had in the past.

Miss Bethea is very knowledgeable of the course material, she does
need a little more practice showing how ~~she~~ she goes from one
part to the next. As in she may jump ahead before finishing
what was being done at the moment.

7.4) Comment on what you feel are the positive and negative aspects of this course:

It breaks down fundamentals needed for the next level

Positive - It is a short course

Negative - Since it is very short, there's a lot of
information at once and lots of homework.

- I like the fast^{ness} ~~ness~~ of the course, I don't forget
material.

Class is perfect for me.

class moved too fast for me but teacher was very fair and helpful.

She really cares that we understand the material. Really glad I get her as an instructor.
