Day One Questionnaire – MATH 544 (Spring 1996)

- **Personal Information**

Name ________________________________

Phone Number ________________________________

E-mail Address ________________________________

Major ________________________________

Year ________________________________

- **Schedule**

Work (hrs/wk) ________________________________

Relax (hrs/wk) ________________________________

Study (hrs/wk) ________________________________

Course (hrs/wk) ________________________________

Other Courses ________________________________

____

- **Mathematical Background**

Course	When	Where	Who	Grade
MATH 142 (or equiv)				
MATH 241 (or equiv)				
Other Post-Calculus Math				

- **<u>Other Information</u>**

1. Why are you taking this course?

2. Do you have any specific goals or objectives that you hope to fulfill by taking this course?

3. What is your biggest concern about this course?

4. Do you plan to utilize office hours? If "yes", what are the best times I could have office hours? *I'll try to accommodate as many people as possible, but it is almost impossible to satisfy all requests.*[1]

---

[1]This statement can be phrased in the language of linear algebra. See if you recognize this when we encounter it in Chapter 1.
